Honorable Mayor and Members of the City Council City of Jonesboro, Georgia

I am pleased to present you with the Fiscal Year 2017 (FY2017) Recommended Budget. As with years prior, we are projecting improvements in local job growth and sales tax collections to increases in businesses locating in the City. Along with this growth has come increased demands on City services and infrastructure, and ultimately the requests for and use of City dollars. We will continue to build upon previous years' efforts to make the City leaner and more effective to ensure the long-term protection of our quality of life.

I am presenting you with a balanced \$4.4 million General Fund budget that achieves the following:

- No increase in the millage rate, remains constant at 1.5mills
- Increases the cash funding dedicated to capital projects, including additional funds for events and the upkeep of the newly reclamated Lee Street Park
- Provides a 2% step increase for all employees hired before October 1, 2016
- Emphasizes public safety increasing the amount of investigators on staff from one to two
- No cuts in personnel of any full-time employees.

As one of the most livable communities in Clayton County, we believe the future is bright for the City of Jonesboro. We expect that job growth will continue and people will continue to move to Jonesboro. The FY' 2017 Proposed Budget represents our plan to meet our responsibility to ensure appropriate infrastructure investment and maintenance and quality levels of services. I look forward to working with you throughout our budget process and also encourage citizen input and feedback as well.

Respectfully Submitted,

Ricky L. Clark, Jr. City Administrator

EXECUTIVE SUMMARY

The Fiscal Year 2017 (FY2017) Proposed Budget is the product of prioritizing revenue sources with expenditures through a comprehensive process of looking at the City's financial health for not only the upcoming year, but well into the future. In order to make integrated funding and other decisions to address top priority needs across the organization, the City will continue to move from department specifics to a broader, organizationally focused decision-making process. These philosophies and processes shift our corporate focus towards identifying and building infrastructure improvement.

The local Jonesboro economy continues to show moderate signs of improvement; however, the growing demands on the City's limited financial resources continue to set the parameters within which the City must operate.

OVERVIEW

The FY2017 Proposed Budget consists of five operating departments across various funds, including the General Fund, SPLOST, Proprietary Funds & Solid Waste Funds. Of the total budget, \$4.4 Million reflects the cost of General Fund activities such as public safety, parks, neighborhood services, economic development, planning and development, public works and the general management of the City.

The citywide budget also includes 57 authorized positions (AP), which includes both part-time and full-time employees. Of these positions, all employees received a 2% step increased based upon the Pay Scale adopted by Mayor and Council.

BUDGET DEVELOPMENT PROCESS

The Mayor, City Administrator & Finance Officer began the FY2017 budget process by utilizing projection data for FY17 revenues. February of 2016 brought the City Council retreat and an effort to align City Council goals with City Executive Staff guiding principles. After request of the Mayor, City Council members were allowed the opportunity to submit their budget priorities so that Executive Staff could discuss the overall strategy for developing the FY2017 budget. City staff set out to prepare the FY2017 Proposed Budget by relying on the following budget development strategies:

- 1. Fund current operations without a property tax increase
- 2. General Fund reserves would not be used for operations

As staff worked to close the budget gap, the inclusion or exclusion of various citywide expenditures, revenue opportunities, individual programs and existing service levels were all evaluated against these strategies.

In addition, the City Administrator is proposing a Management Plan, to provide key guidance in weighing critical decisions throughout the budget development process. The Management Plan, which is displayed below, is designed to provide staff with a framework to help Jonesboro in fulfilling its vision to be the "Jewel of the Southern Crescent....The place where history is preserved and families and businesses are treasured." These core objectives are a useful measure for allocating limited resources amongst competing needs.

FY2017 MANAGEMENT PLAN

Serve the Customer

- Strengthen Neighborhoods
- Implement economic development strategies
- Improve mobility
- Safeguard our environment 8 natural resources

Develop Employees

- Recruit and retain a skilled & diverse workforce
- Promote leadership and learning
- Enhance employee safety & well-being

Vision: Jonesboro will be the most livable and best managed city in the country.

Throughout the budget development process, staff updated City Executive staff on the performance of the FY2017 budget. While the revenue downturn was the hallmark of the FY2017 budget thus far, City Executive staff tightened their belts to ensure the same level of city services was provided. Even though the amount generated from property taxes remains constant, staff still urges the call to lower the homestead exemption as a "hedge" against the future. Ultimately, the fruit of these efforts is a FY2017 Proposed Budget that is balanced. Due to some tough reduction in line items, department-wide, there is no need to use excess fund balance in the General Fund.

SIGNIFICANT ISSUES

Before highlighting specifics of the FY2017 budget, included below are several topics that received significant attention during the budget development process: budget development improvements, pay plan, and capital projects funding.

Budget Development Improvements. Continuing updated budget process are intended to provide more funding to support City infrastructure, focusing on maintenance of current assets before funding expansions; to facilitate a more proactive approach to budget management; to enhance budget accuracy; and to increase transparency in financial stability.

Maintain updating processes for the FY2017 financial planning and budgeting process to assist in "continuing the journey," both as a City and individual departments, include the following:

- Emphasize corporate decision-making regarding needs and funding priorities based on performance measures;
- Continue not to rely on the usage of fund balance;
- Develop a five-year, master plan-based capital funding strategy to include operating and capital expenses, secured and potential funding, funding prioritization and annual spending schedules by project/budget item;
- Producing attainable revenue and expenditure budgets that come in under budget at fiscal year-end.

Capital Planning. The City Administrator wishes to develop a Five Year Capital Improvement Plan, as mentioned at the strategic retreat, which includes the identification and prioritization of current and future funding of capital projects. Through this strategy, the City is prepared to make sound decisions as it relates to capital planning.

Pay Scale & Classification Plan. Earlier this year, the City of Jonesboro initiated a pay scale & classification plan. The purpose of this was to assess and make changes to the pay structure based on both internal (hierarchy) and external (market) factors to allow the City to be competitive in the recruitment and retention of a highly effective workforce. As a part of the implementation of the new pay structure, some employees were provided pay increases based upon tenure and salary in order to more appropriately place employees in their new ranges.

MAJOR FUNDING AND ORGANIZATIONAL CHANGES

Changes to the FY 2017 Budget reflect the challenges present as the City strives to continue providing its citizens with high levels of services, while operating within constrained budget parameters. These changes include departmental improvements to ensure City services operate in the most efficient and effective manner possible.

Program Improvements. Providing essential public programs and required levels of services sometimes necessitates program improvements, even in the most challenging of times. As part of the budget development process, departments submitted any/all personnel changes, which were then vetted against the core objectives outlined by Mayor & Council.

ORGANIZATIONAL CHANGES

The FY2017 Proposed Budget includes a few minor changes to the City's organizational structure, including the following:

• City Hall. The part-time position classified as Administrative Clerk, appropriated within the FY' 16 Budget, is being eliminated. Due to the nature of this job, and

the criticality of its functioning, the City Administrator and Mayor are requesting a full-time Executive Assistant as delineated on the pay & classification plan.

- Downtown Development Authority. As established by Mayor & Council in FY' 16, the FY' 17 Budget includes a \$10,000.00 appropriation to the Downtown Development Authority. The DDA is tasked with analyzing the impact of economic changes in the downtown district and developing plans in coordination with the City Council & Historic Preservation Commission to promote orderly economic growth in the downtown development district. The Board of Directors, made up of business owners, residents and other stakeholders, establish policy and provide oversight.
- Public Works. Due to the increase demand for public works assistance and the necessity to have someone within each department that can carry on the day-to-day operations when the Director is absent, within the FY 2017 budget, the Public Works Director is requesting to provide the City Mechanic with a 4% increase. This increase will account for the assumed duties/roles/responsibilities in the absence of the Public Works Director.
- Police Department. Due to the increased case load, within the FY 2017 Budget, the Chief of Police is requesting a full-time Investigator position be added. This position will assist the Criminal Investigator with helping to relieve the active case load.

GENERAL FUND REVENUES

The economic outlook for Jonesboro is encouraging; however, the FY' 17 Budget experienced a loss in revenue due decreases in revenues outside of our control.

Proposed General Fund Revenue Budget

FY2016	FY2017	Percent	Dollar
<u>Adopted</u>	<u>Proposed</u>	<u>Change</u>	<u>Change</u>
\$4,522,476.00	\$4,407,586.00	-3%	\$114,890

PROPERTY TAX

As with other municipalities, the City receives a portion of its revenue from property taxes assessed on real and personal property. City staff works with Clayton County appraisal offices to prepare property tax revenue projections. By State law, the County Assessor is responsible for the valuation of all property within the County. The certified property tax rolls received from the County showed a slight increase in City's property tax base. The FY' 17 Budget includes no increase in the 1.5 millage rate.

When updating the five-year financial forecast and preparing the budget for the City Council consideration, staff analyzed many of the factors affecting property tax revenue, including the homestead exemption, anticipated commercial growth, the

impact of foreclosures, as well other exemptions. Earlier this year, Mayor & Council approved a contract with GTS to begin collection proceedings on delinquent taxes. To date, we anticipate that we have had a 60% collection rate on delinquent taxes.

LOCAL OPTION SALES & USE TAXES

Sales tax collections are a major revenue component. Economic conditions within the City of Jonesboro have been making a continued recovery from the economic recession which impacted all businesses. The City has seen a decrease in the commercial vacancy rate and is steadily working to offer economic development incentives. The Office market has seen its vacant rate drop from 22% down to 14.8%, with an increase in Asking Rent of 10%. On the retail side vacancies have gone from 17.8% down to 11.7%.

Among other small cities, Jonesboro is continuing a positive trend with year-to-date sales tax revenue. There were no significant adjustments at the time of budget preparation.

GENERAL FUND EXPENDITURES

Proposed General Fund Expenditure Budget

FY2016	FY2017	Percent	Dollar
<u>Adopted</u>	<u>Proposed</u>	<u>Change</u>	<u>Change</u>
\$4,522,476.00	\$4,407,586.00	-3%	\$114,890

For FY2017 General Fund expenditures are keeping pace with revenues. However, costs are increasing due to a variety of factors, including rising supply and contractual service costs, program and service level improvements, and personnel cost increases.

Salary and Benefit Changes. In keeping with the City's commitment to invest in its employees, the following salary and benefit changes are included in the FY 2017 budget:

- 2% Step increase for all employees hired on or before October 1, 2016
- Reduction in the cost of insurance (\$54,000.00 savings to City)

BUDGET FORMAT

The FY2017 proposed budget document for the City of Jonesboro provides historical and current comparisons of revenues and expenditures; planned allocations of resources – both fiscal and personnel; and brief descriptions of the anticipated annual accomplishment of the City programs outlined in each department's business plan.

FUND STRUCTURE

Operating budgets are divided into several funds. Activities supported by tax dollars are included in the General Fund. Enterprise Funds are those that are funded on a fee-for-service basis, such as the Solid Waste Fund. Services that are provided internally by City departments on a fee-for-service basis are specified within each department. Finally, Special Revenue Funds are financial accounts for special revenue sources. An example is the Culture and Tourism Fund, which administers revenue collected from the City's hotel and motel tax and from the operation of the City's venues. Each of these fund types is included in the City of Jonesboro proposed budget.

BUDGET DOCUMENT

The budget document itself is divided into several sections. The document begins with an overview of the City's proposed budget in the City Administrator's message. It is followed by introductory information and summaries of revenues and expenditures. The next sections describe personnel resources by department and finally, a calendar of budget milestones is included.

CITY STRATEGIC GOALS FOR CITY DEPARTMENTS

The Jonesboro City Council conducted a strategic retreat to deal proactively with the many opportunities and challenges facing the Jonesboro community. This process was very influential in guiding the activities of citizens, council and staff for years to come. Overall, the City of Jonesboro will continue to concentrate on its seven top-priority strategic goals for FY2017:

- Community Planning, Neighborhood and Business Revitalization
- Economic Development
- Historic Preservation
- Innovative Leadership
- Transportation Infrastructure
- Recreation, Entertainment and Leisure Opportunities
- Safety, Health and Wellbeing

The intention of these strategic objectives is to provide a clear and concise statement regarding City Council goals for Jonesboro in the next five years and to stimulate broader discussion of the important issues facing Jonesboro now and

in the future. These strategic goals are interrelated and all departments will strive toward the achievement and realization of these goals.

GOVERNMENTAL FUNDS

Departments that comprise the General Fund are listed in an alphabetical order in the budget document.

- City Hall
- Code Enforcement
- Court Services
- Police Department
- Public Works Department

PROPRIETARY FUNDS

This section is comprised of the Proprietary Funds that account for the City's organizations and activities similar to businesses found in the private sector. These funds are intended to be self-supporting with services being financed through user charges or on a cost reimbursement basis.

ALL FUNDS SYNOPSIS

Listed below is a full synopsis of each departments proposed budget.

Governmental Funds

GENERAL FUND

City Hall/Administration

The FY2017 proposed City Hall budget is \$1,102,249.00 which is a 6.0 percent increase from the FY2016 adopted budget. The primary changes to the budget include the first principal payment for Lee Street Park. In addition, this budget includes funding for one Executive Assistant Position. Due to a cost savings measure pertaining to insurance, the City Hall Budget also includes a 22% savings in the cost of insurance. Further, the City Hall Budget includes funding for the furthering the City's desire for rebranding, marketing & five city concerts. Included in the City Hall Budget is an appropriation of \$5,000 as seed money to kick-off the Jonesboro Beautification Commission and its efforts. Lastly, the budget includes the enhancement of payroll software for the purpose of efficiently calculating personnel costs & benefits.

Office of Code Enforcement

The FY2017 proposed Code Enforcement budget is \$68,424.00 which is a 14.0 percent decrease from the FY2016 adopted budget. The primary changes to the Code Enforcement's budget includes a deduction in the costs associated with the dilapidated house demolition program as handled by the Code Enforcement Office. The FY2017 budget also includes a savings of approximately 14.0 percent in healthcare.

Office of Court Services

The FY2017 proposed Court Services budget is \$345,650.00 which is a 4.2 percent increase from the FY2016 adopted budget. The largest contributing factor to the increase within the Court Services department, was the increase in the Solicitors Salary & the Judges salary due to the increased number of court sessions held for Municipal Court operations.

Police Department

The FY2017 proposed Police Department budget is \$2,146,034 which is a 6.0 percent decrease from the FY2016 adopted budget. The proposed budget includes one additional full-time Criminal Investigator. Further, the proposed budget freezes the third approved Park Ranger position until the Spring of 2017 as usage in the park is expected to be higher than winter months. The proposed Police Department budget also includes several line item decreases and a decrease in the fuel usage. Further, the Police Department budget includes a 15% cost savings for employee group insurance. Lastly, the proposed budget includes the debt service for the three vehicles purchased last year. At current, no additional vehicles will be purchased out of the FY2017 General Fund budget.

DEPARTMENT:FUND:DOWNTOWN DEVELOPMENT AUTHORITY7550

SUMMARY OF DEPARTMENT RESPONSIBILITIES:

The powers of the Downtown Development Authority were established by special State legislation. The DDA is an independent authority established for the purpose of planning, organizing, and financing projects that will revitalize and redevelop Jonesboro's commercial business district. The DDA focuses on the historic commercial downtown central business district and works to market a positive image for the town.

52.1291 DESIGN COMMITTEE	The DDA's Design Committee works to get Main Street into top physical shape. Capitalizing on its best assets — such as historic buildings and pedestrian-oriented streets — is just part of the story. An inviting atmosphere, created through attractive window displays, parking areas, building improvements, street furniture, signs, sidewalks, street lights, and landscaping, conveys a positive visual message about the commercial district and what it has to offer. Design activities also include instilling good maintenance practices in the commercial district, enhancing the physical appearance of the commercial district by rehabilitating historic buildings, encouraging appropriate new construction, developing sensitive design management systems, and long-term planning. 2017 Budget is \$1,000.			
PROMOTION COMMITTEE (SERVICES)	of Downtown to all prospects by marketing the district's unique characteristics to shoppers, investors, new businesses, and visitors. An effective promotion strategy forges a positive image through advertising, retail promotional activity, special events, and marketing campaigns. 2017 Budget is \$2,000.

DEPARTMENT:	FUND:
POLICE DEPARTMENT	3200

SUMMARY OF DEPARTMENT RESPONSIBILITIES:

The Police Department, under the direction of the Chief of Police, develops and implements programs to deter crime and to protect life and property in Fort Worth. Specific departmental responsibilities are:

- 1) To reduce violent crime and gang-related activities through enhanced enforcement activities and crime prevention programs.
- 2) To increase the safety of residents and to decrease crime throughout Fort Worth neighborhoods.
- 3) To increase the safety of youth and reduce juvenile crime through crime prevention and intervention programs.
- 4) To enhance crime fighting and prevention tools and efforts through diverse recruitment, training, and retention of high quality officers, technology and equipment, and capital improvements.

BUDGET NOTES AS PROVIDED BY CHIEF ALLEN:

PERSONNEL SERVICES 2016 Budget was set at \$1,203,100 and the recommendation for 2017 Budget is \$1,283,000.

51.1100 SALARIES

With the addition of the One (1) Criminal Investigator Chief Allen feels that the Police department personnel manpower and staffing has been maximized. However, unpredicted events in the future may create a circumstance or situation in which we would have to re-visit the addition of personnel issue. Based on the current staffing level, I feel we are optimized for the most efficient and effective level of service and I do not project a need to add additional personnel. The overall goal would be to maintain current staffing levels and replace existing personnel as required through attrition, retirement, termination and/or resignation.

51.1300 OVERTIME

It shall be the responsibility of the Chief to monitor overtime expenditures to prevent exceeding the budgeted amount. Chief Allen has incorporated a system in which employees are grant compensation time if normal work hours are exceeded. This has been proven to be an effective method of compensation with the police department. However, due to the increasing number of City sponsored events the overtime budget may be effected in 2017. It has been generally agreed upon that when City sponsored events are held and additional officers are required to work the event, the officers will be paid at their overtime rate. Based on the calculations of Mr. Clark and Chief Allen this method of overtime payment has an advantage over paying the officer a flat hourly rate. For 2016, the overtime budget has not been expended nor does it appear to be in jeopardy of being exhausted. Based on the future predictions for 2017 the overtime budget will be satisfactory but it will be necessary to monitor the expenditure on a quarterly basis. 2016 Budget was set at \$15,000 and the recommendation for 2017 Budget is \$15,000.

51.1310 OVERTIME DEA

No Budget in 2016 was included. 2017 Budget recommendation is \$17,500. This is offset by the revenue line item.

52.3700	This line item is reserved for training expenses when officers attend out of
EDUCATION AND TRAINING	state training. Typically, specific seminars and conferences are budget for
IKAINING	and any additional training depends on the amount of funds available in the item. Chief Allen will monitor the line item to insure that the training costs
	are specifically assigned to the budgeted conferences. With the inception
	of a training officer, cost for outside training can be minimized and restricted
	to an as needed basis. 2016 Budget was \$9,000 and the recommendation
	for 2017 Budget is \$6,000 .

	transmission and maintaining an electronic file in place of hardcopies 2016
	Budget was \$30,000 and the recommendation for FY' 17 is \$25,000.
53-1130	The costs of uniforms are directly attributed to turn over and replacement
UNIFORMS	officers. Within the past six (6) months the police department has
	experienced an unusually high turnover rate. This is due to employees
	leaving or other jobs and two terminations. Chief Allen has instituted a strict
	recycle program for uniforms and equipment. This cost was initially high due
	to the fact that the existing inventory had been depleted or non-existent.
	Since several officers have left employment, this inventory is being re-
	established and uniforms and equipment is now being recycled. For
	example, six (6) months ago a newly hired officer cost approximately \$700.00
	to \$750.00 dollars to outfit. Recent hires as of 10/25/16 that cost has been
	reduced to around \$250.00 per officer. The goal and objective is to continue

	with this pattern for 2017. 2016 Budget was \$20,000 and the
	recommendation for the 2017 Budget is \$20,000.

53.1270	The fuel budget line was decreased by \$30,000.00 dollars. This line item is
GASOLINE	directly affected by the cost of crude oil and the gasoline manufacturing.
	This market is extremely hard to predict and anticipate projected costs. The
	objective of the police department is the remain operational with the approved line item that has been budgeted for 2017 in conjunction with this
	significant reduction in the budgeted amount. The goal for the police
	department is to maximize fuel efficiency and directives have been issued
	to the officers to eliminate idling vehicles and cease unnecessary travel.
	Through the combined efforts of all personnel the police department will
	remain under budget in this line item. The 2016 Budget was set at \$100,000

2017 SOLID WASTE REVENUES

34.4110 – Sanitation Fee Collected – Fees are collected at this time on the property tax bills. We have some business customers that we bill separately from the tax bills. The revenue projected from **2016 were \$140,000. 2017 Budget is \$164,400.** We possibly will need to use reserves in order to make budget. This is due to the high cost of dumping fees.
