October 13, 2017

Honorable Mayor and Members of the City Council City of Jonesboro, Georgia

I am pleased to present to you the proposed Fiscal Year (FY' 18) balanced budget as required by Georgia statute. This budget contains a summary of revenues and expenditures for the General Fund and budgets for Special Projects. In addition, this budget represents our strategic plan for the fiscal year. As with years prior, we are projecting improvements in local job growth and sales tax collections to increase due to new in businesses locating in the City. Along with this growth comes increased demands on City services and infrastructure, and ultimately the requests for and use of City dollars. We will continue to build upon previous years' efforts to make the City leaner and more effective to ensure the long-term protection of our quality of life.

I am presenting you with a balanced \$4.7 million General Fund budget that achieves the following:

- Increase of 1.5 (total 3.0) millage rate
- Provides a 2% step increase for all employees hired before October 1, 2017
- Decrease in purchasing of office supplies
- Implementation of a Purchase Requisition process to monitor costs
- No additional personnel
- Purchase of two (2) new vehicles for the Police Department
- Purchase of two (2) new trucks for the Public Works Department
- No cuts in personnel for any full-time employees.
- \$80,000.00 appropriation for Reserves

The proposed spending plan maintains existing services, provides long term funding for future projects, and advances the City's strategic direction in public safety and education, at a property tax rate below revenue neutral. Efficient management across the organization, coupled with a focus on strategic goals has enabled me to bring this recommended budget to the City Council for its consideration.

Respectfully Submitted,

Ricky L. Clark, Jr. City Manager

EXECUTIVE SUMMARY

The Fiscal Year 2018 (FY2018) Proposed Budget is the product of prioritizing revenue sources with expenditures through a comprehensive process of looking at the City's financial health not only for the upcoming year, but well into the future. Our administration has worked hard to fulfill its commitment to stabilize our City finances, provide a safe and secure City and to make the delivery of City services to our constituents more effective, efficient and equitable, and to do all of these things without placing any undue burden on the real property tax payers in our City.

Year after year, the City has presented budgets that have been structurally balanced, without the use of reserves. During that time period, despite the pressures of unfunded mandates, and the slow growth of our national economy, we have been able to double our unrestricted fund balance.

It is important to note, that this budget contains no reductions to City programs or to the City workforce and includes a 2% raise for City employees. Lastly, this budget does not call for the use of any reserves out of the City General Fund but in fact appropriates approximately \$80,000 to the reserve account.

OVERVIEW

The FY2018 Proposed Budget consists of five operating departments across various funds, including the General Fund, SPLOST, Proprietary Funds & Solid Waste Funds. Of the total budget, \$4.7 Million reflects the cost of General Fund activities such as public safety, parks, neighborhood services, economic development, planning and development, public works and the general management of the City.

The citywide budget also includes 57 authorized positions (AP), which includes both part-time and full-time employees.

BUDGET DEVELOPMENT PROCESS

The Mayor, City Manager & the Finance Officer began the FY2018 budget process by utilizing projection data for FY18 revenues. In February of 2017, the City Council retreat was held as an effort to align the City Council goals with the City Executive Staff guiding principles. By request of the City Manager, City Council members were asked to submit their budget priorities to the Executive Staff for consideration to be included in the FY' 18 Budget. City staff set out to prepare the FY2018 Proposed Budget by relying on the following budget development strategies:

- 1. Fund current operations without a property tax increase
- 2. General Fund reserves would not be used for operations
- 3. Departments to only request those items needed to operate and allow for the City to begin planning for long range capital improvement projects.

As staff worked to close the budget gap, the inclusion or exclusion of various citywide expenditures, revenue opportunities, individual programs and existing service levels were all evaluated against these strategies.

As with last year, the City Manager utilized the Management Plan to provide key guidance in weighing critical decisions throughout the budget development process. The Management Plan, which is displayed below, is designed to provide staff with a framework to help Jonesboro in fulfilling its vision to be the "One Great Community, Many Stories." These core objectives are a useful measure for allocating limited resources amongst competing needs.

FY2018 MANAGEMENT PLAN

Serve the Customer

- Strengthen Neighborhoods
- Implement economic development strategies
- Improve mobility
- Safeguard our environment 8 natural resources
- Provide a safe community

Run the Business

- Improve customer service
- Optimize business processes
- Promote effective communication
- Nurture community partnerships

Manage Resources

- Ensure long-term financial health & stewardship
- Maintain & invest in facilities and infrastructure
- Manage labor cost
- Leverage & invest in technology

Develop Employees

- Recruit and retain a skilled & diverse workforce
- Promote leadership and learning
- Enhance employee safety & well-being

Vision: Jonesboro will be the most livable and best managed city in the country.

Throughout the budget development process, staff updated City Executive Staff & the Mayor on the performance of the FY2018 budget. While revenue downturn was the hallmark of the FY2018 budget the City Executive staff tightened their belts to ensure the same level of city services was provided. Even though the amount generated from property taxes remains constant even with the increased millage rate, staff is hopeful that the Special Election slated for November 2017, the homestead exemption is lowered and will serve as a "hedge" against the future. Ultimately, the fruit of these efforts is a FY2018 Proposed Budget that is balanced. Due to some tough reduction in line items, department-wide, there is no need to use the excess fund balance in the General Fund.

SIGNIFICANT ISSUES

Before highlighting specifics of the FY2018 budget, below are several topics that received significant attention during the budget development process: budget development improvements, pay plan, and capital projects funding.

Budget Development Improvements. Continuing to update the budget processes is intended to provide more funding to support existing and proposed new City infrastructure, focusing on maintenance of current assets before funding expansions; to facilitate a more proactive approach

to budget management; to enhance budget accuracy; and to increase transparency in financial stability.

Maintain updating processes for the FY2018 financial planning and budgeting process to assist in "continuing the journey," both as a City and individual departments, include the following:

- Emphasize corporate decision-making regarding needs and funding priorities based on performance measures;
- Continue not to rely on the usage of fund balance;
- Develop a five-year, master plan-based on capital funding strategies that include operating and capital expenses, secured and potential funding, funding prioritization and annual spending schedules by project/budget item;
- Producing attainable revenue and expenditure budgets that come in under budget at fiscal year-end.

Capital Planning. The City Manager wishes to develop a Five-Year Capital Improvement Plan, as mentioned at the strategic retreat, which includes the identification and prioritization of current and future funding of capital projects. Through this strategy, the City is prepared to make sound decisions as it relates to capital planning.

MAJOR FUNDING AND ORGANIZATIONAL CHANGES

Changes to the FY 2018 Budget reflect the challenges present as the City strives to continue providing its citizens with high levels of service, while operating within constrained budget parameters. These changes include departmental improvements to ensure City services operate in the most efficient and effective manner possible.

Program Improvements. Providing essential public programs at the required levels of services sometimes necessitates program improvements, even in the most challenging of times. As part of the budget development process, departments submitted any/all personnel changes, which were then vetted against the core objectives outlined by Mayor & Council. Due to future forecasted infrastructure projects, there are no new personnel requests within the FY'18 Budget.

ORGANIZATIONAL CHANGES

The FY2018 Proposed Budget includes a few minor changes to the City's organizational structure, including the following:

• Comprehensive Pay Scale. Due to pay compression issues throughout our organization, the minimum salary/grade was increased to \$12.06. This pay compression issue created a pay inequity within the Public Works Department and the Police Department. Those employees with affected salaries have been raised to above the minimum threshold of the pay scale. The four (4) employees within the Public Works Department and the two (2) within the Police Department that were affected, will not receive the two (2) percent step increase effective January 1, 2018.

GENERAL FUND REVENUES

The economic outlook for Jonesboro is encouraging. After reviewing FY' 17 Revenues and FY' 18 Revenue projections, we have seen an uptick in fees, taxes, etc. Due to this projection, revenues have increased.

Proposed General Fund Revenue Budget

| FY2017 | FY2018 | Percent | Dollar |
|----------------|-----------------|---------------|---------------|
| <u>Adopted</u> | <u>Proposed</u> | <u>Change</u> | <u>Change</u> |
| \$4,611,386.00 | \$4,725,128.00 | 2% | \$113,742 |

PROPERTY TAX

As with other municipalities, the City receives a portion of its revenue from property taxes assessed on real and personal property. City staff works with Clayton County appraisal offices to prepare property tax revenue projections. By State law, the County Assessor is responsible for the valuation of all property within the County. The certified property tax rolls received from the County showed a slight increase in the City's property tax base. The FY' 18 Budget includes the approved increase to a 3.0 millage rate. An increase of 1.5.

When updating the five-year financial forecast and preparing the budget for the City Council consideration, staff analyzed many of the factors affecting property tax revenue, including the homestead exemption, anticipated commercial growth, the impact of foreclosures, as well other exemptions. Last year, Mayor & Council approved a contract with GTS to begin collection proceedings on delinquent taxes. To date, we have collected over 60% of delinquent taxes.

LOCAL OPTION SALES & USE TAXES

Sales tax collections are a major revenue component. Economic conditions within the City of Jonesboro have been making a continued recovery from the economic recession which impacted all businesses. The City has seen a decrease in the commercial vacancy rate and is steadily working to offer economic development incentives.

Among other small cities, Jonesboro is continuing a positive trend with year-to-date sales tax revenue. There were no significant adjustments at the time of budget preparation.

GENERAL FUND EXPENDITURES

Proposed General Fund Expenditure Budget

| FY2017 | FY2018 | Percent | Dollar |
|----------------|-----------------|---------------|---------------|
| <u>Adopted</u> | <u>Proposed</u> | <u>Change</u> | <u>Change</u> |
| \$4,407,586.00 | \$4,725.128.00 | 2 % | \$113,742 |

For FY2018 General Fund expenditures are keeping pace with revenues. However, costs are increasing due to a variety of factors, including rising supply and contractual service costs, rising fixed costs (insurance, etc.)

Salary and Benefit Changes. In keeping with the City's commitment to invest in its employees, the following salary and benefit changes are included in the FY 2018 budget:

- 2% Step increase for all employees hired on or before October 1, 2017
- Continuity in 100% Major Medical Coverage by City for employees
- 50% Coverage by City for dependents.

BUDGET FORMAT

The FY2018 proposed budget document for the City of Jonesboro provides historical and current comparisons of revenues and expenditures; planned allocations of resources - both fiscal and personnel; and brief descriptions of the anticipated annual accomplishment of the City programs outlined in each department's business plan.

FUND STRUCTURE

Operating budgets are divided into several funds. Activities supported by tax dollars are included in the General Fund. Enterprise Funds are those funded by a fee-for-service basis, such as the Solid Waste Fund. Services that are provided internally by City departments on a fee-for-service basis are specified within each department. Finally, Special Revenue Funds are financial accounts for special revenue sources. An example is the Hotel-Motel Tax Fund, which administers revenue collected from the City's hotel and motel tax and from the operation of the City's venues. Each of these fund types is included in the City of Jonesboro proposed budget.

BUDGET DOCUMENT

The budget document itself is divided into several sections. The document begins with an overview of the City's proposed budget in the City Manager's message. It is followed by introductory information and summaries of revenues and expenditures. The next sections describe personnel resources by department and finally, a calendar of budget milestones is included.

<u>CITY STRATEGIC GOALS FOR CITY DEPARTMENTS</u>

The Jonesboro City Council conducted a strategic retreat to deal proactively with the many opportunities and challenges facing the Jonesboro community. This process was very influential in guiding the activities of citizens, council and staff for years to come. Overall, the City of Jonesboro will continue to concentrate on the five-step strategic outline presented at the 2017 Retreat:

- Operational Excellence
- Economic Vitality
- Healthy Community
- Strong & Secure Neighborhoods
- Connected Community

The intention of these strategic objectives is to provide a clear and concise statement regarding City Council goals for Jonesboro in the next five years and to stimulate broader discussion of the important issues facing Jonesboro now and in the future. These strategic goals are interrelated and all departments will strive toward the achievement and realization of these goals.

GOVERNMENTAL FUNDS

Departments that comprise the General Fund are listed in an alphabetical order in the budget document.

- City Hall
- Code Enforcement
- Court Services
- Police Department
- Public Works Department

PROPRIETARY FUNDS

This section is comprised of the Proprietary Funds that account for the City's organizations and activities similar to businesses found in the private sector. These funds are intended to be self-supporting with services being financed through user charges or on a cost reimbursement basis.

Enterprise Funds:

Solid Waste Management

GOVERNMENTAL FUNDS

GENERAL FUND

Administration / Mayor & Council

The FY2018 proposed City Hall budget is \$1,246,878 which is a 4.0 percent decrease from the FY2017 amended budget. The decrease accounts for a leaner budget due to the forecasted capital projects. In addition, no major repairs have been budgeted for City Hall and office expenditures have been decreased. The measure will be accompanied by a purchasing requisition process citywide to ensure the recommended budget remains in-tact. Further, the City Hall Budget includes funding to further the City's desire for continued marketing and advertising of the City (i.e. Four City Concerts). Included in the City Hall Budget is an appropriation of \$2,500 for the Jonesboro Beautification Commission, \$10,000 for the annual Downtown Development Authority appropriation and the annual payment for Lee Street Park is included.

Office of Code Enforcement

The FY2018 proposed Code Enforcement budget is \$68,424.00 which is only a 4.0 percent increase from the FY2017 adopted budget. The primary change to the Code Enforcement budget includes a deduction in the cost associated with the dilapidated house demolition program as handled by the Code Enforcement Office. The FY' 18 budget increase is primarily attributed to increased insurance, salary, etc.

Office of Court Services

The FY2018 proposed Court Services budget is \$357,786.00 which is a 3.5 percent increase from the FY2017 adopted budget. The factors attributing to the increase include increased fixed costs and also salary increase. In addition, we are recommending that both the Judge and the Solicitor receive the 2% increase that employees are receiving.

Office of Public Works

The FY2018 Public Works Department Budget is \$803,428.00 which is a 7.5% increase from the FY2017 amended budget. The factors attributing to the increase the purchase of a new truck to assist in departmental operations. An additional truck is also being purchased through the Solid Waste enterprise fund., The Public Works Department has one outstanding lease payment. Further, based on events at Lee Street Park, funding is allocated for equipment, supplies & maintenance and overtime for personnel.

Police Department

The FY2018 proposed Police Department budget is \$2,245,886.00 which is a 4.5 percent increase from the FY2017 amended budget. The proposed budget provides for no additional staff and the purchase of two (2) Dodge Chargers. The proposed Police Department budget also includes several line item decreases including the fuel usage. Lastly, the proposed budget includes the debt service for the two vehicles purchased last year.

GENERAL FUND REVENUE SUMMARY

| 31.1000 | General Property Taxes | | | |

DEPARTMENTAL BUDGETS

Our character is not just one of a typical small town, but a Home Town epitomized our People. There is a purity in Jonesboro's charm, one founded on respect for each other, warmth and hospitality! We celebrate our many cultures, and are proud of the progressive nature that truly is ingrained in the Jonesboro Spirit. As each new chapter is written in Jonesboro, the characters include young and old, multiple races and nationalities, local natives and new transplants.

DEPARTMENTAL BUDGET SUMMARY

| DEPARTMENT: | FUND: |
|-------------|-------|
| CITY HALL | 1500 |

SUMMARY OF DEPARTMENT RESPONSIBILITIES:

City Hall is comprised of four divisions: Administration, Mayor & Council, Human Resources, Finance & Zoning.

Administration is responsible for administering the programs and policies established by the City Council. It directs and coordinates the operations of the City and informs and advises the City Council regarding City transactions, existing conditions and future requirements. City Hall handles all permits and licensing, zoning, finance & human resources related activities.

The Mayor and Council, as the legislative body, oversees the City at large. The Mayor directs the day-to-day operations.

Great stories!

Our character is not just one of a typical small town, but a Home Town epitomized our People. There is a purity in Jonesboro's charm, one founded on respect for each other, warmth and hospitality! We celebrate our many cultures, and are proud of the progressive nature that truly is ingrained in the Jonesboro Spirit. As each new chapter is written in Jonesboro, the characters include young and old, multiple races and nationalities, local natives and new transplants.

DEPARTMENT: FUND: COURT SERVICES 2500

SUMMARY OF DEPARTMENT RESPONSIBILITIES:

The Court Services consists of the Clerk of Court, Probation Officers, Probation Supervisor and Intake Officer.

Court Services; specifically, the Court Clerks are responsible for the processing and filing of all Court related documents, management of all judicial proceedings, complying with open records request, validation of citations and warrants, GCIC compliance of warrant entry and removal, mandated reporting to Georgia Department of Transportation of traffic violation adjudicated in Municipal Court. Probation is responsible for the registering of violators, case file management of probation cases, conducting daily reporting of probationers, GCIC compliance, compliance with the Georgia Department of Community Supervision, receiving and accounting for probation fines collected, conducting interviews of probationers and case file maintenance.

|-------------------|-------|
| POLICE DEPARTMENT | 3200 |

SUMMARY OF DEPARTMENT RESPONSIBILITIES:

The Police Department, under the direction of the Chief of Police, develops and implements programs to deter crime and to protect life and property in Jonesboro. Specific departmental responsibilities are:

- 1) To reduce violent crime and gang-related activities through enhanced enforcement activities and crime prevention programs.
- 2) To increase the safety of residents and to decrease crime throughout Jonesboro neighborhoods.
- 3) To increase the safety of youth and reduce juvenile crime through crime prevention and intervention programs.
- 4) To enhance crime fighting and prevention tools and efforts through diverse recruitment, training, and retention of high quality officers, technology and equipment, and capital improvements.

BUDGET NOTES AS PROVIDED BY CHIEF ALLEN: **PERSONNEL SERVICES** This line item covers personnel within the Police Department. There are no additional positions budgeted for FY' 18. Based on the current staffing level, I feel we are optimized 51.1100 for the most efficient and effective level of service and I do not project a need to add SALARIES additional personnel. The overall goal would be to maintain current staffing levels and replace existing personnel as required through attrition, retirement, termination and/or resignation. 51.1300 It shall be the responsibility of the Chief to monitor overtime expenditures to prevent OVERTIME exceeding the budgeted amount. Chief Allen has incorporated a system in which employees are grant compensation time if normal work hours are exceeded. This has been proven to be an effective method of compensation with the police department. However, due to the increasing number of City sponsored events the overtime budget may be effected in 2018. It has been generally agreed upon that when City sponsored events are held and additional officers are required to work the event, the officers will be paid at their overtime rate. 51.1310 This line item is for the personnel assigned to the DEA. This is offset by the revenue line **OVERTIME DEA** item. 51.2100 Health and dental insurance for Police Department. **INSURANCE** 51.2200 This line item is for the city's share of employees Social Security SOCIAL SECURITY
